Our Growth Strategy

 - Organic growth by increasing the number of new clients using niche segmentation, digital marketing, and our client referral initiative.
 - Acquisitions of like-minded hybrid and advisory-only RIA firms.
 - Integration of financial advisors through our Independent Advisor Partner Program. Merit seeks to align with financial advisors who wish to maintain their independence but have the support of a larger entity for administrative and operational support.
- We are strategic and thoughtful in our growth trajectory, seeking to align with the right kinds of advisors who share the philosophy and vision, as well as clients with similar values and beliefs.
- As of December 1, 2022, Merit has completed 22 M&A transactions. Five of those transactions were female-owned firms. In fact, Merit staff is 57% female.
